

## **European Society of Sports Traumatology Knee Surgery and Arthroscopy (ESSKA)**

### **Affiliation Benefits 2014**

#### **ESSKA**

ESSKA is the leading European organisation for Sports Medicine, Knee Surgery and Arthroscopy. Our members include orthopaedic surgeons, clinicians, scientists and physiotherapists whose goals include constantly striving to improve musculoskeletal function; research into and treatment of degenerative joint disease; and the improvement of the quality of life of all patients. ESSKA therefore meets these goals by the promotion of education and research through publications, meetings and our extensive range of Fellowships.

#### **Benefits:**

- Nomination of one representative of your organisation as an “Ambassador” of ESSKA. Your Ambassador will act as the main liaison person between both our Societies and may or may not be the President of your society, but will be the individual who shall receive all official invitations to attend ESSKA meetings (at the behest of ESSKA) and Congresses.
- Participation in ESSKA Affiliated “ROUNDTABLE” meetings organised during the Biennial Congresses where you can discuss issues of importance with colleagues and ESSKA members.
- Formal recognition of your Society on ESSKA website with a direct link to your own website.
- Publicity of your Society’s events. Your conferences and activities can be published on our website, on our calendar and in our bi-annual newsletters.
- Free space, shared with other affiliates, to display your promotional materials at ESSKA Biennial Congresses
- Participation in our National Society Awards session which is a part of our Biennial Congress programme. You are entitled to select someone to present a best paper of your national meeting.
- Eligibility to suggest experts to be involved as faculty in ESSKA Congresses;
- ESSKA Representation at your events (the ESSKA President or other member may be invited to speak).
- Reductions or privileged access to ESSKA books and other educational materials.
- Upon the agreement with the publisher, electronic publication on the KSSTA website of abstracts of those papers which are presented at your Annual Meeting. The first 50 abstracts would be free of charge and can be submitted in both English and your native language.
